

Preventive maintenance

for energy storage system SUNSYS HES L

Operation

APRIL 044 EB5

Preventive maintenance is vital in order to ensure that your energy storage system is operating at peak efficiency. If you subscribe to an extended warranty for your system a preventive maintenance contract is mandatory.

Adapted to your budget

- We offer several options that may or may not be selected when subscribing to the service.

See options detailed on the next page.

Optimisation tips

- When our experts share the preventive maintenance report with you, they also provide advice in order to help you improve the use of your system and its operating environment.

Autonomy « à la carte »

- Depending on your desire and your skills, we can empower you by providing training in specific maintenance operations so that you can carry out some activities yourself.

Peace of mind

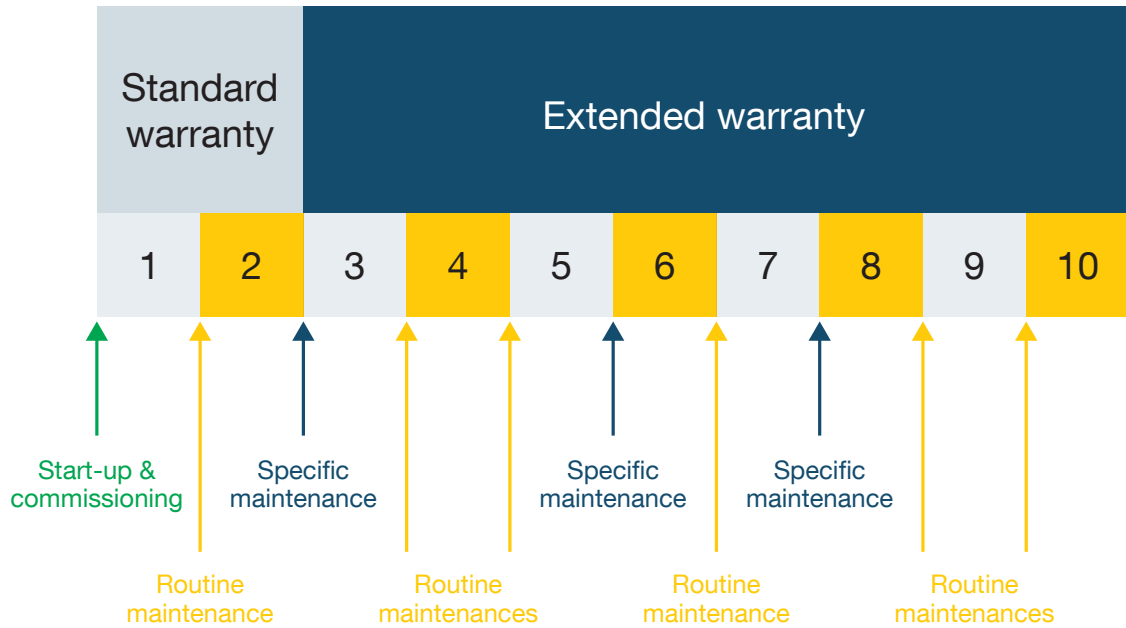

- If you want a turnkey solution, our experts take care of everything! They take care of preventive maintenance from its planning to its completion in order to guarantee the reliability of your system, to maximise its lifespan and to limit corrective operations (excluding air conditioning for SUNSYS HES L Marine system).

A solution for

- > Commercial and industrial buildings
- > Electric vehicle charging stations
- > Isolated microgrids
- > Resilient microgrids
- > Weatherproof version for harsh environments: SUNSYS HES L Marine

Key points

- > Several options available to adapt the offer to your budget
- > Personalised support from our experts according to the desired level of autonomy
- > Tips to improve your performance

Preventive maintenance - optimising the lifespan of your system!

To guarantee optimal system operation, periodic maintenance by an expert is essential. This is the best way to ensure the reliability of your system over its lifetime.

2 modular offers are available:

- **DIY partner package:** an offer favouring cost reduction but also requiring input from you.
- **Complete Socomec package:** a complete offer for your peace of mind, where we take care of everything (excluding air conditioning for SUNSYS HES L Marine system).
